

Bucks LAA Refresh 2009, 31 March 2009

Indicators marked with an asterisk (*) show those which will be designated targets by the Secretary of State in the LAA. Some of these will be subject to review, as indicated. Others may be reviewed by mutual agreement at refresh. The annual review will provide an important opportunity to ensure that the priorities in the LAA remain relevant that that new developments can be fully reflected. Buckinghamshire will wish to consider including new indicators and we also reserve the right to withdraw indicators during the annual refresh where these are no longer appropriate to the overall outcomes of the LAA. **Indicators affected at refresh by Place Survey results are subject to confirmation on finalisation of final results.**
